

## NEW BEGINNINGS

---

It is true that new year  
means new beginning.

It is good to start a new year  
with a fresh mind and a desire  
to God for the past mistakes to be  
forgiven.

New beginning does not  
mean everything has to be  
new,

It is just a chance to make  
new memories and a  
chance for a fresh start.

New year is something we all wait for, with all our heart.
