

## The Beginning of a New Year

The first day of the year  
With bright colours everywhere,  
Celebrations take place in  
Festivals and fairs.

The first day of Boishakh,  
The first month in the Bengali calendar.  
The month brings many different seasonal fruits,  
With pleasant weather and wonder.

Celebrated by everyone  
With the ones they hold dear.  
With new promises and objectives,  
Comes the beginning of a new year.
